BRAKE PROPORTIONING VALVE
R 85 002

The R 85 002 brake proportioning valve is synonymous with reliability

The different load distribution over the front and rear axles during braking requires the adjustment of the braking force itself, which is managed by the brake proportioning valve. The correct operation of Brembo brake proportioning valves is constantly checked on test benches, where durability tests are also conducted, during which the products are subjected to various cycles with variable load and operating temperature.

- OE-equivalent
- Brembo quality
- Safety
- Durability

Technical specifications

EAN code 8432509613689	Axle	Threading 10 x 1 (2)
Material Aluminium	Braking system Bendix	

COMPATIBLE VEHICLES

COMPATIBLE OE PART NUMBERS

790607	FIAT
3899782	SEAT
