

# UPGRADE GT KIT

## 1G1.9011A\_

**The 1G1.9011A\_ GT kit is synonymous with superior performance**

Complete braking systems, comprising components derived from the world of motorsports and offering unrivalled levels of technology on the market. They feature aluminium radial-mounted fixed calipers, with opposing pistons. Depending on the type of system and the required performance level, the calipers can either be in two-parts, monoblock or even monoblock machined from solid billet metal. The uprated brake discs can be integral (one-piece) or composite, drilled or slotted.
