

# CENTRAL CLUTCH RELEASE DEVICE

## E 56 036

The E 56 036 central clutch release device is synonymous with reliability

Brembo's range of clutch cylinders consists not only of external clutch cylinders but also concentric clutch slave cylinders. The concentric clutch slave cylinder combines the functions of the thrust bearing and of the clutch cylinder in a single part. The clutch is therefore operated directly by the concentric actuator which performs the functions of the clutch cylinder and of the thrust bearing.
